

*Dear Father Card: A Rorschach Prayer*

Dear Father Card, maker of contents and organizational activity,

We praise thee, for thou art great, and present positive form quality. We praise thee for thy cooperative movements. Lord, we want to thank thee for not presenting CONFABs, INCOMs, FABCOMs, or ALOGs, while still providing us DR and DV responses that keep our life interesting. Father, thy determinants and blends reflect thy complex and wonderful nature. While thee may be overincorporative, thou certainly hast the resources for such a complex view of reality. Lord, while thee could have given 17 popular responses, thou appearest not to be completely conventional and are thus able to present thyself in unique and special ways. Moreover Lord, thy Dd 99 responses reveal thou art creative and possess an idiosyncratic view of thy world. While many responses may be vague, they are nevertheless synthesized. Thou art beyond specific form demand. And, while thou could hast delivered more aggressive and morbid responses due to our sinfulness and depravity, we thank thee for thy grace and forgiveness. Finally Lord, thy D-Score clearly indicates that we place thee under tremendous stress; nevertheless, we are grateful that thy Adjusted D Score reveals that thou art tolerant and hast adequate resources to cope and adjust to this stress. Be with us now and through the structural summary.

Amen.
